*Adam was such a kind, thankful
And respectful person. He appreciated his life, loved his family dearly and was passionate about his career in law enforcement. I had the pleasure of spending time with him looking for a home when he first moved here and was so impressed by someone so young with a great work ethic and even better morals . He was such a good role model for any young man in our world today. He will be missed and remembered as someone who was making a positive difference in our world. Judy Wilson*

“ *Being Parents of a Chicago Police Officer, and other family members who are Police Officers in Chicago, we send our deepest sympathy to Adam's family, fiancée' (and her son) and to all of Adam's brothers and sisters of the FMPD. Such a tragic ending to such a giving, loving, outstanding human being. My heart aches for his parents and all his family, since we know the dangers our wonderful police officers face every single day when they leave their loved ones to perform their duty and protect all the people in the role of peace makers. We pray for strength for his family as they grieve the loss of Adam, we also ask for protection and guidance for Adam's fellow officers who must continue on while dealing with the loss of their brother officer. We pray God now holds Adam in his arms as he begins his new life in paradise We also ask St. Michael the Archangel to guide, protect, and safeguard all police officers and first responders.*
