Agnes, I'll never forget how you connected with my pet in 2005. The experience was astounding. I hope that you are connected again with your pets through the Lord forever ❤️

We have been searching for Dr Agnes since she moved from OH to FL. Now I "found" this site. I know she is with all her pets and our pets and having a grand reunion-know as "Aunt Agnes" to our pets. Blessings and heartfelt gratitude to have known her

My dear Agnes, how much I miss talking to you. All the help you gave me for many years, for all of my babies, I don't know what I would have done without you to connect with them for me. Ford and I have very recently been to the state park in Brecksville, and I thought of your spirit maybe wandering there with all your beautiful, precious kitties. I know you are with family and all your little angels that you were missing over the years, but I appreciate the special help you always gave me to help me over the humps of life and losing some of my angels. Rest in peace, and I'll see you whenever I cross the rainbow bridge. Take care of my babies already there who you know. Love and miss you, Agnes - Anne
