“ *To the family of Alan Carius:
Al was a very kind / great person and a dear friend who I will miss.
He taught me many things about grinding applications and Borazon
CBN abrasives. Al is recognized world wide as an authority in the
superabrasives industry. It was always a lot of fun to travel with Al
because my customers enjoyed seeing him and hearing about his
marketing information.
Out side of work, I could always count on Al for good advice & help
resolving issues with my home and cars. We have had good times
fishing at Lake Erie, playing golf, and going out to dinner.
Al will be missed by all of us and may he rest in peace.

“ *Al and my late father (Lou Kapernaros) worked together at GE. I will
always be grateful and have fond memories of the kindness Al
showed my father in his final years. My sincerest condolences to the
Carius family. Charlie Kapernaros.*

“ To Al's family,
I send my most sincere condolences at the passing of Al Carius. Al and I worked closely together as young technicians back in the early 70's and continued our close friendship over the years. We both spent many years on GE projects for Borazon CBN and doing testing of new applications and marketing this product. Al was a brilliant person who enjoyed his work and provided guidance and information to those of us who knew and worked with him. He will be missed by all his friends and colleagues. He was well-respected as an authority by the entire industry. He spoke often of his family, so you can all rest assured he loved you very much! May he rest in peace! Terry Kane
