“ Tony I miss you more everyday I can't wait till we are together again. I still wear the engagement ring you gave me that day at McDonalds funny place to get engaged but you were always doing the unexpected I'll never take it off. I love you

“ *Tony was the love of my life and always will be. He was my soul mate. Tony was a good man he always put others ahead of himself. He was a loving and caring man. I talked to him till couple hours before his passing during that time he told me how much he loved me. Those words are all I have to hold on to till we meet again and we will.*
