“ Although I hadn't seen Uncle Tony in many years, he was always my favorite uncle as a child. He was married to my dad's sister Christine. Our families spent lots of time together and would go to the beach together every summer for years. My favorite memories of him were when he would walk with all of us kids in the mornings to get doughnuts for everyone while at the beach. He also taught me how to twirl spaghetti "Italian style". To this day, every time I have spaghetti, I always think of him. He was a wonderful man, kind and loving to all. God bless you Uncle Tony. I know you're in heaven having fun with everyone there! My condolences to his wife and family.

“ Married to my mother for 16 years. Tony was the kindest man I ever known. He loves the people around him. He helped them like what Jesus would do. It's not easy to forget his kindness. I will forever miss his smile
