“Perry, you will truly be missed. We all love you like Family. My dad, Bert and you became friends in Utah at Ken Copper if course, then you would come to dinner, mom (Tina) Would make your favorite dish Nasi goreng and that's when Paul and I met you. Then you moved to California to start working at McDonald Douglas. We all missed you and then eventually we moved to California and we got back together again eating your favorite dish and sometimes Paul and I would come up and see you. We go to the range and shoot. What amazing fun and wonderful memories. Thank you for letting me stay with you In Long Beach CA as I started my new job and Hughes space and communications after college. Thank you for all our amazing adventures from hunting in CA and Tucson, AZ. When you retire, you decided you would move to Florida and eventually mom and dad moved to Florida as well and we were able to get together visit and break bread ie: Nasi goreng. Eventually, dad passed and you kept in contact with mom calling her every week for years and even when mom moved to CO. That was awesome. It was always nice to come see you in Cape Coral, Florida, and even doing some fly casting at the end of the waterway just a few doors down from your home. I am so happy To have had you as a friend always supporting me in all of my endeavors and providing wise advice. Perry, you are a blessing and I pray for God's peace to be with you. Love you, your friend Henry.

“ Grandpa Perry was the best grandfather a girl could ask for. He was so fun to hang out with. We had the best memories of visiting him in California and Florida; riding around in his Volkswagen Vanogans, going to thrift stores, museums, Walmart, Disney World, all over the place you name it, he was down for an adventure. I love him so much. He is one my favorite people I have ever met. He gave us so much love and joy. He was kind and gentle. He wanted the best for everyone. We loved hanging out at his place fishing in the back yard, swimming in the pool, watching jeopardy and wheel of fortune, relaxing and lots of laughing. He was always down for a game or two. So wise and so kind. He had a lovely dog who was named Tricksy. She was a bundle of joy herself. I will miss him so much. He was able to meet my children and be a great grandfather for them. They were so happy to be with him. Thank you Grandpa Perry for the wonderful childhood memories. My sweet grandfather ☐
