*My carol, you were like a mother to me, you were always there for me when I needed someone to talk to, you always had great advice and taught me so many wonderful things about life. I didn't know you for long but in the 6 years I had with you were the best 6 years of my life, we had such a great time I miss being your neighbor and being at your house everyday, I remember when your sister died you asked me for help and I never hesitated to help you no matter what it was. I miss baking you treats and having girls day out I will never forget you because you changed my life for the better. I remember you gave me an idea to save money for nobody to know about incase of an emergency, we thought you would come home eventually so we didn't even bother with getting my belongings from your home, I don't care about that anymore I just wish we could have one more day together. You brightened my life in ways I didn't know possible. You are and will always be my hero my Carol "momma" You were the absolute most amazing person I have ever met and I wouldn't change that for anything. I will miss you till my last breath dear lady. I will never forget our conversations and the lessons you taught me. I cherish every picture and voicemail I kept to remind me of you. Rest In Peace Carol "mama bear" till we meet again. CHOW*
