“ *In memory of my friend Carson, whom I miss daily: he was a great professional and personal friend who shone a light on my path for many years. Good friends are the most important thing in life, and I will always cherish our years of wonderful memories. With smiles through my tears, I wish you rest and peace.*

“ *Sending prayers and condolences to Carson's daughters, brother Chris, and the entire Kievman family. It was only a short time that we were neighbors and classmates but you were well liked and will be well remembered by the Dixie Class of '67. Rest well, friend.*
