“ *My father was the best Dad in the whole world! He graduated from Manhattan college and later married my mother. Their love was one of a kind. She simply adored him and he felt very much the same. He had a fabulous life and enjoyed every stage. He loved his family his two daughters and his two Granchildren Eva and Pearce very much. He was drafted into the army before my sister was born and served this great country. He will be missed beyond words. We love you Daddy and I know in my heart we will all reunite in the afterlife. Your loving daughter, Eva Marie*
