He later took a position with Northwest Airlines where he became a captain. Dale then proceeded to work for Delta Airlines as a captain. Dale always knew as a child that he would be a pilot, it was his dream that became a reality.

Our wonderful Dale was an exceptional person who had the ability to make everyone laugh. He loved to have fun and could light up a room. Rest In Peace Dale.

“ I’ve known Dale “Barney” Ende since he showed up at Pope AFB in the late 80’s. A great and respected officer, leader, aircraft commander, and pilot. His quick wit and robust laugh made him instantly approachable and well liked. We went to see the movie “Predator” on opening night. There were long lines for several movies. An employee came out and starting pulling people from the line seeing “Predator”. He would point and say “Predator, Predator, Predator ?” all down the line. Barney started mimicking him and followed him down the line asking complete strangers’ “Predator, Predator?” People were saying a, “who is this guy?” Goofy, fearless, fun, smart, witty, and now, forever missed. What a ray of sunshine he is. He isn’t resting in peace, he is cracking up those waiting for him in Heaven.

“ I am a classmate from the class of 1975 and knew he was great guy. He had an incredible job as a pilot that he loved. I will remember the most, of how generous he was at sharing his pictures of his travels in so many countries. Fly threw rainbows now Dale. May you feel peace in Heaven. Prayers for your family and friends.

“ Just such a great guy. 40 years in the making of a friendship that never experienced anything other than laughter and shared memories. I'll miss my friend for all my years to come. Pete Townshend says it best for me, "How many friends have I really got? You can count them on one hand. That love me , that want me, that'll take me as I am?" We stride the grave, the light gleams an instant, then it's night once more(Beckett). I'll see my friend again when that night closes in on me.
Peace.

“ Dale was “that guy” in high school. The one we aspired to be like, the one who motivated us to keep going forward and reach for the top. You leave behind many friends who will always remember you fondly as a caring friend and an inspiration.

“ Bailey and Dale were our neighbors in Austin. I had three little kids that would love to swim in the pool and Dale was always happy to have them. He would grill them hot dogs and swim with them. He always had a smile on his face and he loved his family and friends. He will be missed.

Dale and Bailey were the first to welcome us into our new neighborhood. We feel blessed we got to spend time with Dale even if it was for a little while. To Bailey and family, we will always be there for you, just take a walk across the street. May you find some comfort with the many friends and family around you and knowing they care.
