

## David B. Furman

February 22, 1965 - October 8, 2024

David B. Furman, of Venice, Florida, passed away peacefully Tuesday, October 8, 2024, at his sister Amanda's home in Venice.

Born February 22, 1965, in Darby, PA, he was the son of the late David B. Furman, Sr. and Alice Sweet- Pappas. Dave grew up in Houston, TX and Lansdowne, PA, graduated from Penn Wood High School, attended Drexel University for Chemical Engineering and worked for over 29 years at SMS (Shared Medical Systems)/Siemens, then Publix and Verizon when he moved to Florida five years ago.

Dave loved sports, especially basketball. His family always thought he would have made a great sportscaster as he seemed to know every stat about every professional team and athlete! He was a lover of all animals, especially his dogs, and he had quite a few of them – Shemp, Chuck, Fred, Bear, Neko, Ginger and Ralph. He was a simple man who enjoyed the simple things in life – dusk, sitting on his porch, watching sporting events especially the Sixers, Phillies and Eagles, attending his nephews' sporting events, spending time with his mom (he always looked after her).

Dave also truly enjoyed food and cooking! His eyes would light up just talking about his latest cooking adventure! Thank goodness for successful radiation treatments that allowed him to enjoy eating whole food the last weeks of his

life. We are forever grateful to Dr. Sullivan and GenesisCare Radiology for taking such good care of Dave and making this possible for him.

He was an incredibly warm and caring person who always led with kindness. He had a huge smile and never met a stranger. He unknowingly touched so many. We wish he knew just how much. Dave is survived by his mother, Alice Sweet-Pappas, his siblings, Alicia Dellario (Angelo), Dana DiJohn, Andrew Furman (Nicole), and Amanda Duff (Bob), and his nieces and nephews, Joshua, Eric, Matt, Miranda, Sam, Gianna, Alison, Naomi, Alexander, Elaina, Alex, Jaxon, and his great-nephew, Elliott. He is pre-deceased by his father, David B. Furman, Sr.

Interment will be private.

Dave was very supportive of his sister, Alicia's, ongoing cancer journey. He attended her fundraising events when he lived in PA. As his brother, Andy, said "Anything he had, he would have given to his big sister." If interested, contributions may be made payable to Bringing Hope Home, an important charity to our family as they provide financial support and unexpected amazingsness to cancer patients and their families to assist them through their difficult journey. If donating by check, please reference "In memory of David B. Furman" in the memo line. Thank you.
