“ *Mr. and Mrs. Hugger,*

This is Lisa, from King George, VA. I had looked online to find an address for you, but instead I found David's obituary statement. I want to offer my sincere condolences to your family for your loss. I know how much you loved him and I cannot imagine your pain.

My reason for looking for your address was because I wanted to send you a thank you card. Mrs. Hugger, you took me to get my first job as a CNA in the nursing home. I loved it and wanted to become a nurse. All these years I never lost the desire, so I finally went to nursing school. I graduate with my RN next month. I wanted to thank you for that, because you were the one who first inspired me to become a nurse.

You were both always so kind to me. Thank you.

Again, I'm deeply sorry for your loss.

*Sincerely, Lisa Staples
