“ My thoughts and prayers are with Dr. Skinner's family. Dr. Debra Skinner was the best OBGYN I have ever been to. I found her by going in for a second opinion and never left her. I told her that I would never go to another OBGYN that is how great of a doctor and person she was. I knew that she had been sick for a couple of years but did not know that its was this bad. She was the best that there will ever be. I know her Family is very proud of her and that she is resting in peace in heaven.
