“ *From the very first moment we met him in your kitchen at OBV to the last time he came to our place and hung with the guys into the late hours of the night, Denis was our friend...NO, we will NEVER forget Denis!*

We love you Denis! ❤️

“ *Denis' father & mine were brothers who grew up as children of settlers in Sask. Denis & I are their name sakes. He got to drive my Corvette when I was out of the country and his dad used to let me drive his TR-3. It was always "party hearty" when we all got together.*
