“ *Marcene has alerted me that Rickey was in Hospice and I planned to call him on Friday the 18th. I,m so sorry I was to late. He was a very good friend when we were in high school together. I have great memories of a tremendous guy who touched my life. I miss him!*

“ *My most sincere sympathy to all of you. I was so glad I got to share some laughs and tears with Rickey and to let him know all the wonderful things some of his old friends have recently said about his impact on their lives - Bruce Kennedy, Bobby Burt, Doug Eckdish, John DeGasperis - all before we knew anything about his health. In some strange way I will always love him in that 15 year old kind of way.
All my love and sympathy,
Marcene*
