“ *I was fortunate to have know Diana for almost 12 years. I am a patient of Dr. Klein and it was always a treat and great fun to see her when I visited Kennedy-White. I remember her excitement when she and her husband finally opened up their brewery and kept telling me we had to visit. We finally did with friends last November. Diana was not there but we swapped stories with their employees as we sampled beer.*

*My heart goes out to her family and extended family. She was larger than life at Kennedy-White and in real life,too.*

*Warm regards.  
Peggy Lowndes
