“ Ella,  
I don't know if you remember me but many, many years ago you and Ed built a shed in our backyard with my husband, Dale. We enjoyed the time you spent here. Our son was only about 2 at the time so maybe 30 yrs ago. Ed's mom was always a favorite of Dale's too. For years I didn't even know her real name, just Twiggy! I was so shocked to read of Ed's passing. Certainly my thoughts and prayers are with you and your family. Way too young. I pray that you find peace in your memories. Sincerely.....Marge Dinse

“ *Ella, Amber and Steven I am so sorry to hear of Eddie's passing. You all are symbolic of treasured memories of fun times at rice road while the kids grew up. Ed was always contributing, lending a hand and a jovial good time. He will be sorely missed. His final gift of donating his organs will comfort someone else's family and give someone(s) a chance at quality and longer life. I hope the recipients are inspired to put their best effort at making it count, as I believe Ian has since experiencing health post transplants. He is now a pediatric oncology nurse!*
