“ I met an incredible lady by the name of E Halloran while on sabbatical in Tucson in the Fall of 1993. We were both looking for a better way to live. E was so helpful during that time, and so much fun afterwards. Unfortunately, I cannot tell whether the E Halloran I knew and the E Halloran on this page are one and the same. But if they are, please know that I thought the world of her and am so sorry I was not able to say goodbye. Jimmy w.
