

## Ellen Marie Wright

September 15, 1927 - April 11, 2021

“Old Chemists never die; they just fail to react.” That was the motto of Ellen, “Ma” Wright, a beloved chemistry teacher at Fort Myers High from 1965-1987. Ellen passed on April 11th from natural causes. After Ellen’s retirement, her late husband Robert “Bob” Wright and her were busy traveling and enjoying time at their Alabama River property with their grandchildren. In 1997 they sold their home in Fort Myers and moved to Sardis, Alabama where they enjoyed gardening and the quiet life. After Bob’s death in 2016, Ellen sold her Alabama property and spent time between Whitestown, Indiana and Fort Myers. Ellen was living at Barkley Place in Fort Myers until her death. Ellen leaves behind her daughters, Sue Stroefer (John) of Sun City, AZ, Carol Hughes of Marion, AL, and Robin Miller (Malcolm) of Fort Myers, FL, her grandchildren, Tammy Harris, Robbie Hughes, Jason Miller, and Kim Holladay and great-grandchildren Sarah Harris, Max Harris, John Morgan Holladay, and Maclynn Miller.

No service will be held, however, Ellen liked her evening beverage so, while you may be having yours, have a toast to her.
