“ *Erika the whole family loves you! You always be in our hearts. Primita I wish I would have spent more time with you. I know you are in heaven with God and your precious baby and that is what makes me happy and not cry. Look over your mom she needs you give her the light to understand that you are better now not suffering and happy. You were a role model of a daughter. The last time we talked I just remember you laughing like you alway did. Love you primita and you will forever be in my heart.*
