“ I was shocked to find out this sad news today. I always wished her a Happy Birthday. I was close friends with Fran here in Maine. We had a lot of fun when we worked together and fun times outside of work. I'm so sorry that we never got to have that phone call or see each other in person again. But I am grateful that every message ended with “ I love you my friend” Rest in Peace dear Fran. Love you always. 💕💕

“ Sending love and prayers to The Barribel family. I only knew Fran for a short time, but she was a wonderful person and a great Nana to my Great Grandson JJ. She adored that little boy.
