“ *My husband Paul Belinc worked with Frank at DieNamic. They kept in touch up until a few months ago when Paul erased the wrong phone number. We were hoping Frank would call back, I even emailed him a few times to let him know what happened. I was shocked to find this on the internet. The last time we spoke he sounded so upbeat in fact he cut the call short as he was going to play Bingo with a "lady friend". I never met Frank but enjoyed the many phone conversations with him. He loved the peaches we sent him when in season and we enjoyed the Dearborn hot dogs he sent us once. He will be missed.*
