“ *I met Gary in first grade at Tropic Isles Elementary and I thought he was the cutest boy in the whole school! He was always nice to everyone. Funny how some people can never be forgotten. I can read here, all of the love and admiration that Gary received from friends and family. Even though years have passed, my prayers are with his family.*

“ Uncle Gary, You truly are the coolest Uncle in the entire world. You were always there to play with all of us and had so much fun. I will miss you sooo much. I will try to do the best I can at passing the legacy of Billy Bob on for you as well as telling the most funniest jokes ever. I can't wait to go to the woods again and sit outside by the campfire enjoying a cold one looking at the stars knowing you are there...I love you Uncle Gary! Here's to you man...get r dun!
Love, Pat-Pat
