“ *Heather, I appreciated the short time that I knew you, sharing our working energies to get a job done. Though I was gone the last couple week of your life, I spoke with you almost daily. I know that you are gracing God's courts now.*

“ *Heather, I will always remember that little girl called ?Heidi? and watching her grow into ?Heather?. You had a creative free spirit that was evident early on. When you graduated from college with a double major of English and Psychology, you were determined that you would walk across that stage two times to accept each degree separately! How proud you were and how proud we were!*

We shared a lot of Christmas vacations together as a family in Fort Myers throughout the years and yes, you are still the champion of the ?Yule Pool? tournament that became an annual event.

Competition did not stop there, because I believe you won a few Poker games as well.

When I sat down to write this, I wondered what could I say that would express how loved you are and how you have a special place in your family and now in God?s presence. We sat and talked on the dock at Jensen?s last year and you shared with me your beliefs and how you knew God had taken care of you. I truly believe in my heart that He is holding you now and welcomed you into His home with His out stretched arms.

I do have one request though, if you have any pull, can you let the Dwags beat the Gators this year? If anyone can make that happen, it would be you! I miss you and I will always have a special place for you in my heart. I will see you again one day!

*Love,
Aunt Elaine*

“ *Heather I will miss you greatly. Although we became friends under initially difficult circumstances I will always remember how you made me laugh with your stories and your energy. You loved your family and especially your niece Lily and that was apparent. You got me through a really rough pregnancy with your encouraging words and laughter and to you I will always be your "fatty". I will miss you greatly. At least now you will never have to say to me again "Monkeys or Bananas".*

May you rest in peace and may God grant peace to your family to help them through this tough time.

Love,
