“ *Henry was around our family as long as I can remember. He was the jovial guy with the pretzels! He was involved with, and possibly co-founded the John Herriott 101 CFA Tent in New York. He was a wonderful circus fan, and a dear friend to our family. He will be missed ~*

“ Henry was a great friend to me and many circus families, always willing to help in any way he could. He chased circuses from the time he was a child with his father until the end. Noted for passing out pretzels, he was known as the PRETZEL MAN. Rest in peace in the great big top in the sky. Larry Snyder
