“ *I'm was one of Jacqui patients. I always waited for her visit with her vibrant smile. She was a very kind and someone who loved her work. We would chit chat and a nice relationship developed which I treasured. The most important and vital aspect that she left me was a total absence of back pain that plagued me every day for many years. No amount of conventional methods seem to alleviate the misery. When she started the MPS therapy on my body, within 3-4 sessions, the pain was totally gone. I haven't had a major back pain since late September 2018. She was so surprised and was truly happy for me.*

*I miss her a lot because of her beautiful personality and her dedication to her work. Essentially, she cured me when other methods and professionals didn't. My cure is my gift from Jacqui. That's my eternal remembrance of dear Jacqui. RIP*
