“ I was good friends with Jackie for over 20 years. We worked together at the FDIC in a variety of management positions. We worked together in the New York region when she was in Delaware, then the Dallas region when she was in Nashville, and finally when she spent time in DC.

After retirement, we continued to remain very close. I was fortunate to be able to spend time with Jackie both at the Cape in Massachusetts and her home in Florida.

She was a terrific person, extremely knowledgeable, and had a great personality. She faced obstacles head on but always managed to have a positive attitude even in the worst of times.

I will miss her so much and send love and prayers to the family.
