James Burton Berry

Born June 7th 1958 and passing on December 15, 2022. James better known as Jimmy was born to Marie B. Berry and James F. Berry. The third child he was born to sore high among the clouds. From the first day he lite up any room he entered. Faced with challenges from eight months old with a stroke leaving him paralyzed on his left side. He never let that hold him down, as he would say "I tried my best". And it was his very best, for it was his very all.

Jimmy lived past his Dad for seventeen years and his Mother for nine years. He has two siblings, sister Lynn Weaver (Bill), brother Rick Berry (Lana). He was loved by all who knew him even if it was just a one time passing by.

Jimmy also has nine nieces and nephews and twenty seven great nieces and nephews and one more on her way. Like I said before Jimmy got to know many many hundreds of people. From doctors, nurses to friends of the family. From childhood to adulthood, and in Jimmy's last six years of his amazing life he got to meet three of the kindest women who cared for him daily. They loved him and boy did he love them. So before I can end this note on my brother, I must say Jimmy you are now inside the Gates of Heaven, walking, running, getting up and down with no help. But buddy you are now around everyone you loved in the past, family friends and all you ever met. But even more there is no pain and your wings like that of an eagle will sore for evermore. There will be a memorial service on January 15th 2023, and Jimmy asked for those who would like to come to celebrate his amazing life. PLEASE BRING A

SMILE. I am with God and Jesus right now and I love it.
