“ *Jimmy was a homeless man who was loved by the FMPD, those who work and live downtown, and he will be remembered by the Lee County Homeless Coalition at their vigil for the homeless Dec. 21, 2017. He was arrested over 100 times. He drank too much. He knew it. He was a kind but troubled man. He was seen occasionally at daily mass at St Frances Xavier in Fort Myers. He died in the elements behind bushes on Jackson Street in Downtown. It is a shame that the homeless die in the streets in a nation that has so much wealth and waste. Jimmy deserved better. We failed him. God rest his soul. He was Jesus walking in our midst and we let him die - myself included. I miss him.*
