“ *I just learned of Jim's passing and want to share my personal condolences to Shirley, Stacy and the entire family. We were extended family for a season, and Jim was a very special man with a most unique sense of humor and strong love of family. I know he will be much missed by all who had the opportunity to know him. May the many good memories he leaves behind be a comfort to all in the days, weeks, months and years to come.*

“ *Jim and I Sandy have a lot of good memories from a long time 20 years. The best was after Irma and came flying down the street in the jag water flying over the hood for ice for his martini. He was a great friend and always will be. He is missed very much.*

“ I first met Jim shortly after Shirley and he were married, when Shirley, brought Jim to England to, proudly, introduce her dashing husband to my family and I. It was in the days when travel to and from America was quite rare and heads would turn to hear an American accent spoken.

Several years later, I went to stay with Jim and Shirley for a month and upon my arrival, late one evening, I remember Jim providing me with a "Pina Colada". Well, this cocktail was never heard of before in England and I really enjoyed it, so much that I took the recipe back home with me. Of course, it later became a very popular drink here too.

In fact, I have many happy memories of that holiday, particularly going out on their boat, being taken on the "Millionaires Row Cruise" in Miami, a day out at Fort Myers, a trip to Kennedy Space Centre and also a stay at Disney. Most of all, I'll never forget the kind hospitality shown to me.

Although many years ago, I remember the last time I saw Jim. It was when Jim and Shirley holidayed in England and we met up in Oxford for the day and it was then that I introduced my husband, Neil, to Jim and Shirley.

Across the globe, I send my wholehearted condolences to Shirley, Stacy, Meghan and all the family. You are in my thoughts at this sad time. Jim will be missed.

“ Jim was "Sparkplug" in Financial Institution Marketing and Sales during his years at Integon. He was a loyal member of the team and loved by all. He possessed a great sense of humor. He will be missed by his friend from the Integon days. Our heartfelt condolences to Shirley and her family. God bless.

“ I often reflect fondly on members of the Integon team that I worked with. We were always a very close knit group. When I traveled to South Florida, I always enjoyed the client visits and camaraderie that I shared with Jim. He always enjoyed working in the Bank and Mortgage industry and was well liked by his clients and business associates. After our time at Integon, I didn't have regular contact with Jim but I still reminisce about the "Good Ole Days" we all shared. Jim will be missed by family and his many friends but we can all reflect on the many fond memories of the times we shared with him. My heartfelt sympathy goes to Shirley, Stacy and family.

“ Jim was one of the Integon team members that I think of most often. I remember having the opportunity to meet with Jim frequently during our tenure. It was more than just friendship as a tem member as Jim invited to his home where I enjoyed a weekend of boating with him and his wife Shirley. I did not have the occasion to visit with Jim these past few decades but just knowing he was there was enough.

Last saw Jim for a visit while living on Jekyll Island where Jim, Alan Strickland and I had a chance to dine and reminisce.

As with so many other friends and colleagues throughout the years it has been a special pleasure knowing and working with Jim and hope to have that opportunity again downstream.

To Shirley, Stacy and family please accept my heartfelt sympathy.

“ Jim was not only a friend, but a mentor as well. He was one of the people who recruited me to Integon and I enjoyed working with him for many years.

He was a true gentleman and even though I haven't seen him in years I will miss his friendship.
