“ Janelle?s poem
9/16/87 - 8/23/10

Free sprit??. the only way to explain you,

Wonderful , Energetic, Loud, Unbelievable loving?No limits.

A true friend at heart forever,

Through all the ups and downs, you knew me better then I knew myself.

Stubborn as a rock but as excepting and a child.

Forgiving, but only when needed to be forgave.

No grudges?.. No regrets.

Memories we will always have

Protective as hell, But was to proud to be protected.

You were protected.

Forever in my heart your memory will be held.

Never to be forgot, never to be pushed aside.

Your life was much to big to be forgotten

Your impact was much to inspirational.

Big personalities are always the best?.

The best a friend could ever have?.

The best friend I could ever have?.

My best friend.

Janelle Frances Turner.

“ My prayers go out to the Turner family! I really didn't know Janelle but I had her in a couple of my classes in SouthWest Florida College...I remember how she would speak her mind and didn't care what other people had to say. Everytime I saw her she always had a smile no matter what. It's sad to know that she will no longer be with us in class...May you Rest In Peace Janelle!

You are a beautiful, vibrant young lady...And by vibrant I mean wild. Thank you for being Laura's best friend. I know you mean the world to her. You have brought joy to all of our lives. We made many exciting memories last football season and not to forget the times we saw each other out partying while Laura was in bed already. You will forever be in our hearts. Love, Mamadukes

“ *I will never forget the first time I saw my Janelle, she walked into my 3rd grade class with this "I own this class" attitude, and she did. It didn't help she gave me a horrid nick name (Howard the coward) needless to say I was not her biggest fan lol. The next year we got put into a class together where we were forced to get along, she dropped the nick name and we became Nelly and Shelly. We had nothing in common but we made each other laugh extremely hard it annoyed other people (we didn't care) after that we continued to get class after class together and I loved her more and more every day. In middle school I was always quiet and she was opposite. if anyone ever gave me a hard time she was on top of it giving them a harder time right back. We got very close in high school we had one teacher who hated us together in class we just wouldn't shut up lol, she picked me up every morning and would bring me home and everywhere in between we were laughing or singing, To this day nothing has changed, totally opposite, but we still laughed, cried, sang, and harassed each other. Janelle was the one person who knew everything about me, we had no secrets and I trusted her more than anyone. I don't really know what to do with myself anymore all I want to do is call my Nell, she will forever be my best friend and my angel, because that was something she always was my guardian angel. Love you Janelle Frances Turner. XOXO -Shelly*

“ Janelle- A lovely young lady that touched so many lives with her joy and generosity, a smile and twinkling eyes that could light up a room. We miss her already, and can only imagine the heartbreak her dear family and friends must feel.

We love you Janelle. You touched my family's lives, (Heather, Callee, and Caden), in such a loving, caring way. I thank you for that.

You are loved. Your beautiful laugh echos forever in my heart. ???

“ Hello Alice. I am so sorry to hear of your loss. I lost my youngest son in an auto accident 8 years ago so I kinda understand what you're going through. There is nothing anyone can say or do that will ease your pain. They say time heals all wounds. This is not true. It does make them bearable. I wish you peace.

“ Nelly aka Louise (Thelma and Louise) aka Bonnie (Bonnie and Clyde),

We have shared countless amazing memories. We still have so much to talk about, so many things to do? road trips, lounging at the pool, line dancing, boats n hoes, football, lunch dates at work, singing in the car?. And you will be with us every step of the way. One of our favorite times was road tripping to see Halycon perform, so Nelly, we dedicate this song to you. ?Every Cell? Because we miss you with every cell in our bodies. You will live in our hearts forever. We love you.

*Love Always,
Laura and Angie*

Every Cell - Halycon

*?These days it doesn?t take much to make me cry.
And I don?t even have to wonder why,
A song, a scent , someone with your same hair,
all these things can take me back to where*

*I miss you with every cell in my body.
I shake and I ache when I think about holding you
And I say that I`m ok alone and I want to believe it
But I want things back the way they used to be.*

*We had a love that could not be contained
How sad it is it couldn?t be sustained
It sure makes me scratch my head and wonder how
I got to feeling like I`m feeling now*

*And, I miss you with every cell in my body
I shake and I ache when I think about holding you
And I, I say that I`m ok alone and I want to believe it
But I want things back the way they used to be.*

*It kills me to hear you say, that you need for me to stay away
But it knocks you straight down to the ground*

*Just for you to hear my sound
And I`m saying*

*I miss you with every cell in my body
I shake and I ache when I think about holding you
And I say that I`m ok alone and I want to believe it
But I want things back the way they used to be.*

*Come pull me out of this darkness
Pull me out of this pool of tears I`m drowning in
And I`m so sick and tired of feeling like this
My friends are saying girl, this could take years and years and...*

*I miss you
I miss you?*

“ *My Dearest Friend,
I still cannot believe that you aren't here.. I wish your family all the comfort that God can bestow upon them. For it's painful to think of the loss they feel after 22 years, when the vast amount of people in which you have welcomed into your life over the past few years are simply at a loss of words over the fact that you have left us. Of the many memories we've shared, I cannot recall one that didn't end in anything but silly laughter or a smile. No matter how our conversations started, or how rough in topic they may have gotten, we always seemed to end on a positive note & with a hug & a smile. Nelly I wish you knew how much your strength helped me become stronger. And much your smile brought life to world. I know your spirit will always be with us. Watching over us, making sure we don't do something we're going to regret later. :o) Forever you will be our hearts. I love you Dear Friend.*

“ Don't grieve for me, for now I'm free,
I'm following the path God has laid you see.
I took his hand when I heard his call.
I turned my back and left it all.
I could not stay another day
To laugh, to love, to work or play.
Tasks left undone must stay that way
I found the peace at the close of day.
If my parting has left a void
Then fill it with remembered joys-
A friendship shared, a laugh, a kiss
Oh yes, these things I too will miss.
Be not burdened with times of sorrow
I wish you the sunshine of tomorrow.
My life's been full I savored much,
Good friends, good times, a loved one's touch.
Perhaps my time seemed all too brief
Don't lengthen it now with undue grief
Lift up your hearts, and peace to thee-
God wanted me now, he set me free.
