“ John was a dear friend and neighbor for over 30 years. He was always there to lend a helping hand for me after the loss of my husband in 2011. I am grateful to have been able to visit with him shortly before he passed and to tell him how much I appreciate and loved him. We had some great times and vacations together with he and his wife Doreen and I will always cherish those memories. He always remembered me with a birthday and holiday greetings. I will greatly miss him. Godspeed my dear friend.

“ John has been my best friend in SW FL for decades.  
My heart is breaking, having just learned of his passing.  
I love him like I love my two brothers.  
John always treated me like a sister, second only to Sally.  
My father introduced me to John in 1998 as the company engineer  
of ABC Canvas, the business I just purchased from him so he could  
retire at age 70.  
John was masterful in sealing engineered drawings for ABC to  
construct and install awesome awnings in SW FL. We talked  
occasionally and, in our conversations, I learned he loved fishing.  
In 2006, thanks to Doreen's encouragement, he accepted my  
invitation for a sport-fishing day out of Islamorada. We had such a  
great time! This was the last time we met yet continued to talk re:  
business. Well, if you know John, then you know conversations  
often lead to other subjects and can continue for an extended  
amount of time. From then on, we built a friendship, and it continued  
to grow until he passed.  
John is to be commended and remembered for his truthfulness,  
trustworthiness, integrity, fidelity, solidarity, supportive inspiration,  
kindness, thoughtfulness and love of sharing his wit, wisdom and,  
most importantly, music of all genres of all eras.
