“ Dear Dana,

Our hearts are aching, our minds are racing, how can this be? John was a big man who took after our dad, his willingness to help others, his laugh, his love of life. Oh, we all had our moments with him, he could be a pain in the ass. NOW he's a pain in our hearts.

We have all lost John, but no one as much as you will feel this loss, know you are in our hearts and minds as you go through this experience of grief and loss, know that God holds this big guy in His Hands and no doubt has John doing some heavenly tasks.

*We can't be there this week but will see you soon. God Bless You,
Love Bob Drum*

“ One year at Christmas time, things were a little rough for us. There came a knock on our door. It was Santa & his Elf John!! Santa was busy Ho, Ho, Hoing while Elf John carried in two Big boxes. Our daughter was So excited Santa made a personal appearance. Even more excited that Santa asked John to be his Elf.! It takes a very special person to be an Elf and we know a real one!!! All the Love that they shared with us will forever be with us!!!

“ John I am so very proud and honored to have called you my brother in law, and even though we didn't get to spend a whole lot of time with my sister and you because of the miles between us . But pictures say a million words. For many of years I have enjoyed countless memories on fb and have had many laughs. And never a dull moment watching all the fun and funny moments that you shared with my sweet sissy, friends , and all of you guys adventures. John , Hammer and I can see why you were called that ☺ and on the other hand you were a teddy bear 🐻 too. My big Brother you will me missed in so many ways and loved by MANY!! And now your walking with Jesus and alive forever more. And one last thing. Thank you everyone for supporting my sister and family through this tragic moment. God bless everyone and peace be with you all!

“ There are no words to describe the impact that John had on all those he came into contact with. The stories and memories we share will live on forever and are far too many to list just one...the time we spent on the bikes, in the RV, on the water, under the water, or simply doing nothing and pondering life over a cold one. Through thick and thin, you were and always will be a brother to all of us. A real brother walks shoulder to shoulder with you while others walk on you. You were always there for me and many others. We will strive to carry on in your honor and celebrate the legend that you are and always will be.

“ Our deepest condolences to the family. John was the definition of a life well-lived, a Warrior with a huge Teddy Bear Heart. We all have countless stories of John, both in Law Enforcement and as a friend. John was larger than life and his legacy will live on in all of our memories that will be cherished. Rest In Peace our friend. We will keep your family in our prayers as they journey the long road ahead of them. We will cherish our memories of you always. Until we meet again, Godspeed.
