“ Jack was our friend and neighbor. Everywhere we look in our house are memories of Jack helping us with renovation projects. He helped us install the tile in much of our house and taught us the technique of tiling. He helped fix our French doors, which we finished just in time before a Florida afternoon thunderstorm arrived, drenching everything. Jack helped us remove coconut palms that had gotten too large for our yard. And in our backyard is the canoe he had owned and gave us so that we could enjoy Estero Bay and the wildlife in it. Jack's spirit of neighborliness and kindness lives on in our house.

“ I am honored to have had the opportunity to spend the time that I did with Jack. He was my friend. He was one of the most compassionate, kind individual I have ever met. I will never forget the way his eyes would light up when he talked about Joyce and tell me the story of how they met. I will miss you my friend. I know I have an angel watching over me.
