“Dad and Mom gave me a wonderful childhood filled with love, laughter, and being spoiled. When I was little, I had a Big Wheels Toy. The kind you sit on and pedal. I used to call the Big Wheels toy my "push." Mom named it my "push" because whenever I wanted to ride, I would go get Dad and he would push me on it so I didn't have to pedal. :-)

I wish I knew better how to express in words the love I have for this wonderful man. My Dad was my rock and foundation. I'm sure he knows he is missed, just as he knows he was loved. I love you, Dad Dude!!

*Love,
Bear*

“In the days before his death, Dad reminisced about fixing the body on my first car that he bought for me; a 1962 Ford Thunderbird. He would come home from work and we would go out after supper and fix the rusted areas on the car with fiberglass. Once the body work was completed, he took and got the car painted an ivory color. It was a beautiful car when we got it finished.

He was my hero and support. I could always count on him in the 60 years that I was able to spend with him. He is missed.

Love from your Son,

Ricky "Stick"
