“*Bubba, We are sure gonna miss you down here and wished your ungrateful grown kids called us before you passed away, we sure would have loved to have spoken to you before you left to return back to our Heavenly Home. I know you are rejoined back with your wife Lue and your parents and extended family. I'm sure happy that you're no longer suffering in pain and know that we will meet again soon. We love you very much Bubba. ❤️ Your brother Rob and sister-in-law Julie (your sissy) McDaniel*
