“ *Joe and I spent many years together which led to many great memories but he was so proud of his 442 he acquired from his DAD after his passing we spent days on the road hanging out and I would watch him driving strumming his hand to the tunes on the radio so into it he help me broaden my choice in music that I still love today oddly enough Tom petty was one and he just pasted also Richard Petty was his idle go figure the name petty Earnhardt on the other hand was the other !*

*Joe actually showed me how to drive a stick shift in his Plymouth I could go on and on*

*I for one shall miss this man !!!*

*Rock on my friend !!*
