“ *Many thoughts and prayers are shared with you all! The faith of your family will hopefully keep you strong through this tragic loss! With time, may you all continue on your journey of life and keep the memories of Kayla strong in your hearts. I know the pain right now will not be easy but know Kalya is beside you always. Please know our family is here for support and we think of you all often. I will always remember your beautiful daughters' from memories in the neighborhood we shared of these tiny little shy girls with their big smiles, & cute cheeks running back and forth on your driveway with Kaylas' big beautiful blondish curly hair and Erikas dark brown hair laughing and giggling having fun. Then the Gulf Elementary days at the bus stop near Surfside while we sat in our cars waiting for CT and Kayla to get on the bus in the morning and her happy-go-lucky cute self getting off the bus and running to your car where Ericka would be bouncing around in the backseat waiting on her sister and Kayla always smiling. Our prayers will continue for you all and we hope to see you soon. Take care and God Bless! Diana, C.T., Drew & Tiffany*

“ This is from your cousin Nick . Even though we lived far apart, and you were older, each time we got together was so much fun. Hinging out on the beach in Sanibel , and when you came to Maine - to old orchard - that was so much fun having all of my cousins together. My mom told me how brave you were while you were sick , but I knew you would be. I will really miss our visits - say hi to pop pop. Love your cousin Nick .

“ I'm so grateful to have known such a wonderful person. After I left for college I lost touch with a lot of friends but Kayla was one of the few people I visited with when I came home from college. I'll always remember our late night Denny's hangouts! Kayla was a friend who always listened when I had something to vent about, and was always someone I loved to laugh with. I will miss you and I love you sooo much! Rest in peace

“ Kayla and I shared countless memories together, it so hard to focus on one. High school wouldn't have been the same without her. The 5 of us did everything together it seemed. We always made it a thing to hang all throughout college as well during my visits back home. I will cherish all the memories of her forever, and I'm glad I have numerous pictures to reflect back on. Kayla you are one of my best friends and it's hard to say goodbye, so I'll settle for see you someday soon my friend <3

“ I had classes with Kayla in middle school, but I officially met her in 9th grade at lunch! The first time I hung out with her out of school was on my 16th birthday and her and our other friends surprised me. I remember how much fun we had and right then I knew Kayla was officially one of my best friends! I'm so glad that her and I got so close and continued to hang out. Kayla is such an awesome person and she always managed to fall asleep at anyone's house lol there's so many great memories with Kayla and I am so proud to call her my friend. ❤️❤️

“ I met Kayla at Publix. She was a beauty. She was a very spirited, fashionable, wonderful person. She was a dog lover, and those are some of the best people. She was a fighter. Every time I go to the beach I will think of her. Everyone loved her, and she will be deeply missed. She is in heaven now. She is finally at peace now and not suffering.

“ I met kayle my Senior year at baker, it was pretty rare for me to find someone that i could actually talk to back in high school since i was a bit of a loner i guess. But i remember sitting on the bleachers and laughing with her and realized this is what a friend should be. She was so incredibly sweet and i'm sincerely sorry such a nice and kind person was taken so soon. RIP

Kayla Rose-my sweet , sassy beautiful niece. I remember the day we were walking on the beach on Sanibel , and I called you Kayla Rose, and you said"auntie, you can drop the Rose part" . I still laugh about that and your sass. You will be terribly missed ., but with memories like that, never forgotten. I will look to the stars and always think of you. Love you Kayla Rose.
