“ Dear Larry, Russell & Suzanne,
We are so sorry to hear of your dad's passing away. We remember when we built our house next to yours in Sanborn and you all playing with our boys in the mounds of topsoil in the front yard with your play trucks.
Although we have lost contact over the years, our thoughts and prayers are with you all and always remember that you will have them both in your hearts and minds forever and they are together now too. God Bless.

“ Thanks dad for your wisdom, humor, and all the little things along the way. I will miss the funny stories and discussions about football at dinners on Sundays, The coversations about politics and of course the innerworking of cars and engines (that I really know nothing about). It is such a comfort knowing you will rest eternally with mom. Thanks again dad. I love you and will miss you.

“ I will always remember the wonderful times we shared throughout the years. While my mom passed when I was only seven, my dad did his best to give my brothers and myself a great childhood. We spent nearly every summer camping and boating. I also remember riding on the back of my dads motorcycle, which was one of his greatest passions and one of my favorite things we did together. Once my dad moved to Florida in 1984, my time spent with him was limited because of the miles between us but he was always there for me no matter what. Lung cancer took him away too soon. You can now rest in peace with mom. I will always love you and miss you Daddy-O! Love your, "Baby-kid" XOXOXO

“ Kenneth Gensel lived a full life. He was 7 yrs senior to me, but I remember most, the vacations our parents (Frank and Helen) took us on. From 1949 to 1952, we went to Canada on 2 week fishing trips. I remember fishing and talking, in a boat with Ken on a beautiful, quiet lake. (He gave me the nickname "Squirt").

Time went on and Ken married and raised his family; I did the same, living in Michigan. We visited each other at times and our children met and played.

When I moved to Jacksonville, Florida, the time Ken and I spent together was the best. We did some fishing (with a beer or two) mostly from the Pier or a bridge on the Intracoastal waterway. There was a lot of conversation of past times. His interest in airplanes and fast cars made it easy to keep my interest.

We grew very close in the last 25 yrs. His sound advise I will carry with me always. It is OK to be sad as we all are, but don't forget his love and his full, happy life he had for us all. God Bless! Dwight (brother)
