“ *Kent, I will never forget the concert my mother and I were invited to at North Port High School.*

Being a teacher for more than 30 years, I have never seen a nicer concert in any school surrounding.

We loved to listen to you playing the Tuba - just wonderful.

Neither my mother nor Felix and I have ever had a better French onion soup - it has been the Highlight of every Christmas celebration for many years.

Thank you for everything,

Elli, Felix and Barbara
