“ *Keri and I were best friends in 6th grade. We lost track of each other for many years, then I was riding my horse down the street and was surprised when she came out and recognized me. Then right before she moved to Florida she spotted me uptown in our little neighboring town. She hollered my name and once again was surprised that she recognized me. We had a nice visit and she told me she and her husband were moving to Florida. She was very proud of her family. She was a wonderful friend. Blessed Be to her family, friends and loved ones. My deepest and sincerest sympathy in this time of sorrow and loss.*

Keri and I worked together plus I grew up in Coal Valley. Ever time I would see her we would visit for a while. She loved her family and always have stories to tell about them and how proud she was of them. Cherish the memories. RIP sweet Keri 🙏💔
