“ *Kristi was one of my very first Pogo friends. I'm sorry this is late being posted but nobody told me of her passing. I have a picture of her that she sent me of herself swimming with a dolphin. I will get it out and share it later.*

“ *Kristi is our daughter-in-law. We remember the day our son Eddie brought Kristi to our house to meet us. She was like a ray of Sunshine ☀️ We loved her immediately. Her beautiful smile that showed through her eyes. She called us alot on her way to work. She will be Greatly missed.*

I was Kristi's kindergarten teacher at Silver Lake Elementary in Waterford, MI. We reconnected a few years back on Facebook. It was so much fun being back in touch. I could see what a good person and hard worker she was. My condolences to her family!! Dorothy Fugate
