“ I just connected with Kyle as a relative of Paul's. What happened to him? I am very saddened to learn of his passing. He was one of my only blood relatives left. We had a very warm chat and I was looking so forward to meeting him. I see how much he loved the gulf.

“ Understanding that God is Love, and that we are each created in His image, Kyle clearly epitomizes Love; current tense. I also understand that Hope springs eternal. Kyle is your gift who remains forever. I see this clearly through his family whom I know, and the memorial which displays God's finest. Love his life, forever, and smile, for you know this beautiful person whom I met only so early in life. Sent with heartfelt love dan and celeste steubing
