“ *I can't find the words or phrase to describe how I feel; words can't heal, or take away this pain. However, how her life and mine interacted through the years, especially the past few months, can describe that feeling, heal, and lessen the pain. No regrets. I hurt because I will miss her so very, very much. I loved my grandma Linda until the end and beyond.*

She was so special. There wasn't a party she'd miss or a salsa she didn't dance to. She was loyal, passionate, brave, determined, kind, her energy and joy were contagious. She was exceptional in many ways and I'm honored that she was my grandmother.

“ Let me first say our deepest sympathy is with you at this time. Abuelita as my little one would call her was the sweetest person. I became fond of Lilina because of her contagious smile and her generosity. We will miss you coming outside to console my little one as he cried walking up the stairs. May God grant you peace and as much comfort as you need.
