JH

Linda, I just discovered you had passed. You were so wonderful. I am in Thailand now, and have lived here for 11 years. When I returned from 30 months in Nam I tried to screw up the courage to come by and say hello. I hope and pray you had a wonderful life, full of joy and happiness. You certainly deserved it.

TO

“ *Linda I was so shocked to hear of your passing as we had spoken two days prior. Although I have only owned the home next to you since December I knew from the beginning we were destined to become good friends soon. I will miss our “ranch talks”, our “golf ball” finds and our love for dogs. Hopefully you have reunited with your dad, mom, sister and Scamp in heaven and have settled into long conversations with each other. May you have unlimited happy times together and May You Rest In Peace. I will miss you.*
