“ *Around 5 years ago, Lisa and I worked together as wholesale agents at the Pink Shell doing data entry, and being cubicle neighbors, we were able to joke around alot about all sorts of topics. Lisa was really funny and used humor to lighten the mood in the office when she thought that the energy was low.*

I became the manager of the Reservations department in 2018 and I was able to see how productive and influential Lisa was to the team as a whole. As one of our agents mentioned at her passing, “rest in peace to the Matriarch of our reservation department.”

The thing I will remember most is that she battled cancer, which from complications took her beautiful voice early on, and still worked with us with such fortitude, never letting its progression and the difficult treatments ruin her good humor and her care for her team and her company.

My condolences to her family and friends, she will be greatly missed.

“ It seems like yesterday that this pretty girl from Michigan became my 7th grade classmate. That is when our friendship began and never ended. Lisa was so smart, witty and fun! God blessed me by bringing her into my life. I have no doubt that we will meet again!

“ Lisa was family to me. We worked together for many years. She was a work sister at the Pink Shell. Always with a smile. So hard working and very proud of her kids and grand children as well as her nephew and nieces. She was very generous and always positive. I sure will miss her. Until we meet again.

“ Lisa was so creative and talented. The first time we worked together on a children's Christmas program Lisa either made or procured all the props and costumes for the characters way before it was time for rehearsals. Some of the crafts that she helped the church kids make were absolutely beautiful. I still have a small wreath she made that hangs on our Christmas tree every year. Lisa was such a loving person and will be missed by family and who knew her. Rest well, dear Lisa, the battle is over. Love you!
