“ *Dear Mom, You are the best mommy anyone could ever ask for. When I was a baby you nurtured me so I was healthy. When I was a kid you patched up all my scrapes and brusies and taught me right from wrong and held me accountable for my mistakes but in a way that I was able to learn from them. As an Adult you became my best friend. Somone who I could call and talk to about anything and you always had a way of making me feel like no matter what everything was going to be ok. You are a true blessing to me and I know I would not be the man I am today without you in my life. You will live inside of me everyday until the day we meet again so I can wrap my arms around you and feel that unconditional love that you gave me my whole life.*

I love you mommy!
