“ *Marc, you'll be missed. You made such an impact on so many lives! I appreciate the way you would come to our commission each and every year, to be sure we gave a proclamation for Lung Cancer... this next year... I'll do it, in your memory! Much respect - Commissioner Jill Luke*

“ I am so going to miss you and your update with video, what an inspiration! you brought hope and faith where there was only defeat and the end of life for a lot of us. I happened upon one of your videos the day before I was to have radiation after several bouts of chemo, radiation was my greatest fear of all. After sharing your journey with me(chemos, radiations procedures, years of pain and prescriptions, hopes and fears I marched into radiation with the full Armour of the Lord and the Courage and Strength of one Marc Cohen! You said have faith and relax, you'll be fine. Three years later, I am still here to thank you for your time and kind words, especially at a time when you needed so much time yourself, I may have been a little selfish at the time, but not you never you!
