“ *Dear Kendra*
I was hoping to make the trip to say goodbye to your Mom but its just not in the cards so I will write have grateful and happy I was to re connect with mom since our 50th high school reunion and the many years after since 2009.
Not only was Margaret, your mom a special lady but she was so talented and her life was full of joy because you were in it.
She will be missed, especially by her family but us her classmate friends will miss her smile her notes her everything especially her piano playing
A good thought is she is not alone because your dad went before her and I hope You have a good life and remember that she was loved and adored by many.
Fondy,
Susan Heller

“ It is strange to think that I could feel so connected with a woman I actually never met in person. I was Margaret's insurance agent, and helped her get life insurance. Since I live in Fort Lauderdale, I don't know how we actually came to talk on the phone for the first time in August 2015, but she was a delight. It was the beginning of a friendship. She spoke lovingly about her daughters, and she wanted to make sure that all expenses were taken care of. I don't want this to sound like a commercial even though it might, but this shows where Margaret's heart was. She chose Foresters because she appreciated the community service aspects they offer as a fraternal benefit society, and after enrolling in her Forester's life insurance, she became a Branch Councilor volunteer for the Independent Order of Foresters. Her responsibilities were important to her and she took great pride in her position. I know her family will miss her, I will miss our yearly talks. I am happy though that I was able to help her financially prepare for this day. My condolences to her family. May she rest in peace.

Works with the funeral home and is easiest to send flowers and probably more reasonable pricing. Thank you for your kind words and thoughts with us during this difficult time.

“ *Mrs. Braun was my 4th grade teacher. I became a 4th grade teacher, too, largely because of her influence. I am 42 now, but I can still vividly recall being a student in her class. I can still hear her playing the piano and teaching us so many things with music. The memories I have will live on forever. She was incredible.*

“ *💔 Rest In Peace, Mrs. Braun, knowing you played a huge part in developing some of the most successful adults in the world. As our children's elementary school teacher, you started them on the path of success and they have never forgotten you or your amazing ability to bring out the best in them. We will miss you dearly and you will never be forgotten by any person whose life you touched.*
