“ *Marge and my Dad, Don Frye, were together for 10 years. I was sad to hear Marge passed about a month ago (11/7/19) when my sister-in-law had asked if I had heard. All they could find is what I found, this listing that has no obituary or any information other than her date of birth and death. The last time I talked to Marge is when she first was put in the nursing facility. Although her dementia was getting worse, she still knew who I was. Fred, a dear friend of her's told me shortly after that she had been moved to a dementia unit and no one was able to call her anymore. I live in Texas. She was loved by my Dad and very much respected by my brothers and sister. To the family, I wish I had been contacted. I would have tried to come to her funeral to recognise that she was a part of our lives for 10 years. As far as a Tribute: She loved playing cards, loved dancing and loved golf, always talked about the great life she had lived with her husband that passed many years ago. After Dad passed, she talked about missing his presense and her love for him as well. Dad enjoyed her spirit and said she was a fun person to be with. Now she is in Heavin with her two favorite men, her husband and my dad.*
